

SD-TIGT Goals & Objectives 2013 and Beyond

Goal:

To achieve a trauma-informed perspective that drives the approach and services in all human service systems and agencies.

Objectives

- website access
- identify gaps in system connections

Goal:

That all San Diego County service systems and agencies will assess, build and integrate services through a trauma-informed lens.

Objectives

- Create a Trauma Informed Day
- Have trauma-specific services identified

Goal:

To facilitate and raise awareness of the benefits and importance of trauma-informed services in San Diego County.

Objectives

- Vicarious Trauma training for staff
- Trauma Informed Day (potentially 5/1/13)

Goal:

To achieve an integrated system of care in San Diego County that incorporates all populations served through a trauma-informed, gender-responsive lens.

Objectives

- Address trauma in the workplace
